

SHORT BREAKS

Sierra Nevada Skiing – From 350€ p/p

Enjoy an amazing break at the incredible Sierra Nevada ski resort. All your needs will be catered for in one package including accommodation, ski passes, transfers and holiday advice. Sierra Nevada defies many concepts associated with skiing. Located at barely a stones throw from the Mediterranean coast, it has practically guaranteed sunshine, the best spring snow conditions in Europe and is still reasonably priced compared to many of its European counterparts. As one of Europe's highest resorts it has a typically long season, traditionally opening at the end of November running through to the end of April or even into the first week of May. Even better, from Murcia with an early start you can just make a day of it!

Sierra Nevada Biking tour – From 225€ p/p

We even have fantastic cycling breaks in Sierra Nevada which includes accommodation, breakfast, three guided rides, uplifts and trail food!

Thanks to the combined efforts of shepherds, mountain goats and forest management Sierra Nevada has a stunning array of trails from family forest tracks to super technical gully descents.

From hill foot farmland through pine forest rising to barren rocky peaks most of our rides are of the epic nature which means we cover lots of different terrain in one day.

We always tailor rides to suit ability and fitness levels but at the same time want you the rider to experience the best trails Sierra Nevada has to offer.
